Dear Mr. Martin

^{you}
I'm writing to in hopes that you will
take an interest in my situation.

My jaw was broken by the nephew of the
captain here at Gander Hill prison. I
have several eye witnesses.

Although this incident happen to me
personally, there is a continuous hostile
and dangerous environment here at Gander
Hill. There is routine physical confrontation
between the inexperienced staff and inmates,
even between staff members.

It has proven very difficult to maintain a
civil suit, it requires the skills of an attorney.
I would appreciate it, if you would at least
hear my story.

Respectfully,

Richard Hunt

time and date of Incident. Sept 20. 04

that my jaw was in fact broken but
first Correctional medical neglected to give
